### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: On page 4, line 15 "a" was inserted before "generally".

2. The following is an examiner's statement of reasons for allowance: The prior art does not teach in combination with the other elements and structural elements recited in claims 1, 6 and 9 a safety bar with an attachment portion between first and second leg portions or attachment members, and a movable portion between the leg portions or attachment members engaging an object for movement from a first position to a second position upon direct attachment of the member or object to the attachment portion, a sensor providing a first output when the movable portion is in a first position and a second output when the movable portion is in a second position.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
